

WORKHORSE FLOOR SCALE

OVER 95 YEARS OF COMBINED EXPERIENCE MANUFACTURING INDUSTRIAL WEIGHING EQUIPMENT

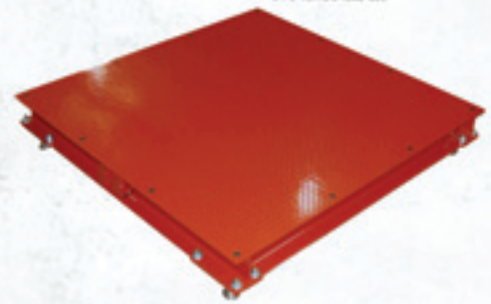

The B-TEK Workhorse is designed for rugged environments and high-traffic applications involving material handling vehicles. The platform is constructed with WF I-beams and heavy-duty weighbridge deck plate. The Workhorse is built to last for many years with these heavy concentrated type loads.

The Workhorse can be installed in a pit application or above-ground with ramps available in of any length to meet specific vehicle or application requirements.

B-TEK Scales offers the heavy-duty Workhorse scale in capacities from 20,000lbs to 40,000lbs and it is available in above ground or pit-type installation styles. It's not called a Workhorse for nothing!
